## About CareerNOW

Are you in the process of exploring your major? Want to explore career and internship possibilities that are focused on working with American Indian/Alaskan Native, Native Hawaiian or Indigenous communities? CareerNOW is a University of Illinois at Chicago program designed to assist students in exploring and applying to career and internship opportunities that advance Indigenous communities.

Affiliates who participate in CareerNOW will be able to work with an advisor and develop an individualized career and internship plan. Each affiliate will be able to cultivate their own awareness on how to best market themselves and build confidence in seeking out and applying for career and internship opportunities.
